Dear Residents, Family Members & Friends,

We continue to receive wonderful support from the community, and we remain ever so grateful for your kindness and patience. Our ongoing meetings with local experts at St. Joseph's Healthcare, and Public Health, are progressing and we are grateful for their support.

Our Recreation Team is working hard to support residents with online visits, music, and a zoom holiday show for those residents who are able to enjoy some online entertainment. The Foundation has provided additional funding to purchase more iPads, and DVD players, to support the residents and the recreation team in their efforts. We are so very grateful for the donors whose gifts have made these purchases possible. Thank you!

Below you will find today's COVID-19 update:

- Number of staff who have tested positive for COVID: 67 (18 resolved)
- Number of resident positive COVID Cases:
