# April 2024 Activities Calendar for Shalom Village Apartments

## Solar Eclipse Information

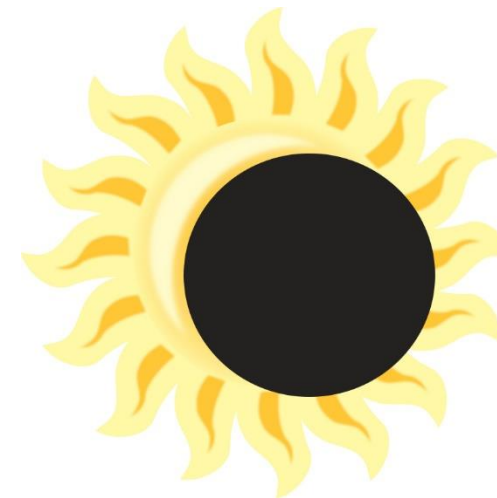

The City of Hamilton will be in the path of a total solar eclipse on Monday, April 8, 2024. Hamilton will be in “the path of totality,” where the sun appears to be entirely covered by the moon for a short period.

People in the path of totality will be able to see sun features generally not visible during this period. Another total eclipse will not be seen in Hamilton for another 120 years.

### Timeline

The solar eclipse will take place from approximately 2:00 pm to 4:30 pm

- The partial eclipse begins at 2:03 pm
- The total eclipse is at 3:18 pm and will last approximately 90 seconds
- The partial eclipse will end at 4:31 pm

### Safety Information

Even though the moon is blocking the sun, looking at the eclipse is still very dangerous and can cause temporary or permanent damage to your eyes.

**It is not safe to look at the sun without approved eye protection.** Viewing glasses that meet the international standard ISO 12312-2 are considered safe for viewing an eclipse. **Ensure that eclipse glasses fully cover your field of vision.** Regular sunglasses will not protect people’s eyes.

**For the safety of our Residents, we will be providing a live stream of the solar eclipse in the Movie Theatre starting at 2:30 pm. We encourage you to come and watch this once in a lifetime event together.**
